FITNESS FUN **GRADES: K-2** **FEE: \$95.00**

Here's an opportunity for kids to spend less time with electronics and more time out in the fresh air getting healthy exercise. Kids will choose from a variety of old-fashioned activities and games. A walk with pedometers is also included. Emphasis is on back-to-basics, non-competitive fun, allowing a time and place for kids to laugh and play with their peers in a semi-structured setting. This course is taught by Kara McCormack, licensed attorney, child advocate and founder of Fitness Fun. **Min 6/Max 20 students.** **CALL OFFICE TO REGISTER**

THURSDAY – January 26, February 2, 9, 16, March 1, 8

LEGO ENGINEERING: Cars & Vehicles **GRADES: 1 & 2** **FEE: \$105.00**

Students will learn engineering & physics concepts while constructing a new vehicle each week from tanks to four-wheel drive cars. Students will have the opportunity to work in pairs, teams and individually using battery packs, motors, gears and over 100,000 LEGO pieces. This course is appropriate for LEGO novices as well as returning LEGO Engineering participants. Have loads of fun in this hands-on, minds-on class. This course is taught by Jo-Ann Gorrell, engineer and lifetime user of Legos. **Min 10/Max 16 students.** **CLASS FILLED! No more registrations.**
